## Biography

---

Mark joined Root Valuation in 2019 to manage Root's physician compensation and business valuation service lines. Mark brings nearly a decade of consulting experience in physician employment and compensation plans, professional service agreements, pro forma projections, mergers and acquisitions of healthcare entities, physician practice assessments, strategic plans and other physician-hospital collaborative arrangements.

Mark earned degrees in Finance & Management and Accounting from the University of Kentucky, then continued his education by earning the Certified Public Accountant (CPA) designation.
